

PacOne MDO

PacOne MDO is a good-1-side general-use, paint-grade MDO designed to deliver a product that is smooth and paintable and constructed to provide durability, consistency, strength and quality. PacOne MDO is a superior option to raw wood as it highlights a smooth resin-impregnated fiber overlay bonded to the surface of the panel, reducing wood grain transfer and providing a quality surface on every panel.

Panel Features

Face Veneer:	B grade Group 1 veneer
Back Veneer:	C grade Group 1 veneer
Inner Plies:	C grade Group 1 veneer
Resin:	Phenolic exterior glue
Dimension:	48" X 96"
Thickness:	3/8" thru 1 1/8"
Strength Class:	Struc 1 or Class 1 options

Handling & Storage

Care should be exercised to prevent panel chipping, denting and corner damage during handling. Panels should never be dropped. Panels should be stored out of the direct sunlight to minimize surface checking and panel dry out.

Overlay Features

PacOne MDO is overlayed on 1 side with a 28% resin-content, medium-density overlay.

Panel Performance

- Good-1-side
- One-step lay-up
- Exterior grade
- Abrasion and wear resistant
- Economical
- NAUF and CARB compliant
- FSC available

Panel Uses

- Truck and trailer liners
- Cabinets and shelves
- Commercial signs
- Industrial packaging
- Boxes, crates and containers
- RV manufacturing
- Garage door panels
- And much more....
